JANUARY 9, 2019

Dear political groups and parties,

We would like to invite you to the 27th annual Gilpin County Fair on its new weekend, July 12-14, 2019, at the Gilpin County Fairgrounds. With lots of free entertainment and rides, we expect to see more than 5,000 people over the weekend. We hope you will join us in celebrating Gilpin County at this annual favorite.

This year will bring some changes for the political booths. Due to issues at past fairs, political booths will be gathered together. Also, we ask that all politicking be kept in your designated booth area to help the public feel more comfortable at this fun-filled, family event. Vendors and those representing a political candidate are asked to read and sign the Gilpin County Fair Code of Conduct for Political Organizations. Finally, we are happy to post signs directing people to your area which will be located in a prominent location. All political groups are welcome to join in the fun.

Please feel free to share this information with other parties and those interested in political representation. We look forward to seeing you this summer!

Warm regards,

Heather Pearce

Gilpin County Fair Coordinator
